Professional Experience

Senior Associate (Summer Intern) *Toronto, Ontario*
Charles River Associates *2026*

- White Paper: Patent Monetization Promotion and SSO Participation.
- Conducted quantitative and economic analysis for 5 litigation and merger engagements.
- Built automated codebook to support replication.
- Built and maintained econometric models in R and Stata to evaluate damages and market dynamics.
- Conducted industry research and translated findings into clear reports and presentations for clients.

Senior Research Analyst (Consultant) *Ottawa, Ontario*
Global Affairs Canada *2022-2026*

- Policy Paper: G7 Sanctions Gap Analysis
- Designed automated data pipelines in R, Python, and SQL with over 500 million records from 4 federal departments.
- Developed causal and predictive models to quantify the impact of sanctions and conflicts, forecasting trade flows worth more than $2 trillion annually and identifying anomalous transaction patterns across G7 economies.
- Managed 2 direct reports and supported over 20 ministerial briefings.
- Engineered architecture integrating over 25,000 records across allied jurisdictions, and built interactive dashboards for 3 federal departments.

Economics Expert (Contract) *2025-2026*
Mercor

- Designed AI training data for large language models across 4 projects.
- Diagnosed model failure modes in logic, numerical reasoning and code generation.

Research Assistant *2020-2026*

- Philippe Kabore: Data cleaning and analysis
- Cherie Metcalf: Data visualization and basic analysis
- Hyunju Lee: Literature Review; Overreaction and the Value of Information in a Pandemic

Teaching Assistant *2020-2026*

- ECON 290: Energy Economics
- PPEC 200: Introduction to the Study of Politics, Philosophy and Economics
- ECON 110: Head TA, Principles of Economics
- ECON 111: Head TA, Introductory Microeconomics
- ECON 112: Head TA, Introductory Macroeconomics
- ECON 430: Issues in Economic History
- ECON 831: Issues in North American Economic History
- ECN 606: International Monetary Economics

President and CEO *Waterloo, Ontario*
Wilfrid Laurier University Students' Union *2019 – 2020*

- Elected to represent over 17,000 students, managing an $11 million budget and a team of 5 direct reports to deliver operations, services, and advocacy across institutional, municipal, provincial, and federal levels of government.
- Created and led the university's first institutional committee on student basic needs, addressing food insecurity and housing, and sustained service continuity through emerging crises including the early stages of the COVID-19 pandemic.
